# HTRW Removal Action at a FUDS Property

1. Removal actions, to the degree possible, must contribute to the efficient performance of any anticipated long-term remedial action (see 40 CFR 300.415(d))
2. EE/CA Approval Memorandums are internal EPA documents to approve expenditure of fund monies. They are not required NCP documents and may not be done for all FUDS removal actions.
3. A removal action may, in fact, serve as the final remedy, in which case further remedial action is not always required.
